

FAMILY SCIENCE NIGHT

So... are you ready for the fun and excitement of learning about cool science stuff @ NASA!?!

WHAT: As a family you will work with volunteers (including real-life rocket scientists) to explore various themes through hands-on activities about rocketry, solar power, space exploration, and so much more. You will even get to take home a bag full of goodies so you and your family can perform your own experiments at home!

WHO: Middle school students and their families. Although at least one participant must be in middle school, we encourage the whole family to come play.

WHEN: Once a month (September - May)
6:00 - 8:00pm
Check the website for specific dates:
<http://sdo.gsfc.nasa.gov/epo/families/fsn.php>

WHERE: NASA Goddard Space Flight Center
Visitor Center
Explorer Drive, Greenbelt, MD 20771

HOW: Registration for this event is required! Register online @ <http://sdo.gsfc.nasa.gov/epo/families/fsn.php>
